## ABOUT CHAITANYA

Chaitanya is a leading manufacturer in the field of Herbal Extracts, Ayurvedic Proprietary and Generic Medicines, since 1986. It is an Ayurvedic G. M. P. certified Company, approved by F. D. A., Maharashtra State and also complies with schedule 'T'.

At Chaitanya, we believe in the potential of the generations old literatures which enables us to serve the masses the effective medications, at the lowest cost and without any unexpected effects. This track record is an outcome of continual persuasion of integration of modern manufacturing technologies.

We provide a wide range of products in the form of Ghana, Proprietary Medicines, Rasayan Kalpa and Other Medicines.

### GHANASATWA

Chaitanya, innovative of easy passage to Ayurveda as a manufacturer of Aqueous Extracts of Single Herbs, is committed towards the Medical Practitioners with evidence of effective result relationship existing to a great extent, for every physical and mental weakness. We give formulations of a widely acceptable form, easy to carry, so palatable, increasing potency of crude herbs, to which we refer as **GHANA SATWAS** i.e. concentrated Aqueous Extracts of Single Herbs.

Ghana Satwa is extraction of regarded substance by transforming the water soluble part of crude herb to media with the help of Modern techniques.

Salient features of Ghana Satwa

- Free from Chemicals & Solvents.
- Faster disintegration.
- Quicker absorption and assimilation.
- Provides concentrated dose.
- Smaller dose is sufficient
- Offers very safe and economical treatment for patients.

Presently, we have strong market presence in Maharashtra, Gujrat, Kerala, UP and few other states in India. We try to grow our business by continuous product development, adding value for the end user and promulgate use of Ayurveda.

**Features of Ghanasar** (Concentrated Aqueous Herbal Extracts).

- Disintegrate within 15-30 minutes, enabling faster relief. Even smaller doses are very effective because of higher concentration ratio.
- Because of tablets, they are easy to handle, store and dispense. Average shelf life of 36 months.
- Original tastes and flavors are maintained, but no problem of palatability. No harm for higher doses.
- The herbs are tested for quality, as per the norms laid down in "Indian Pharmacopeia".
- They are calibrated concentrated Dried Extracts.

### QUALITY NORMS

Production Unit has its own Quality Control laboratory, which is equipped with Furnaces, pH meter, Calorimeter, UV spectrometer, TLC machine etc. It has a team of qualified persons for the continuous product development.

There are many tests carried out for Raw Materials, Finished goods and on In-Process Tests.

It is certified by FDA (Maharashtra State) rules. Manufacturing is done according to cGMP norms and Schedule T.

## AMCRONDYS TABLET (500 mg) (Previously Amcron D 300mg)

**Each 500 mg film coated Tab. of AMCRONDYS contains :**

1. Kutaj Ghana	200 mg
2. Belgiri Ghana	50 mg
3. Daruharidra Ghana	50 mg
4. Murudsheng Ghana	50 mg
5. Shankhavati	50 mg
6. Sanjivani vati	50 mg
7. Shunthi Ghana	50 mg

Processed With Nagarmotha & Dadimsal Quath

### Pharmacological Action :

- It has the best anti-diarrhoeal action as it contains **Kutaj Ghana, Belgiri Ghana, Daruharidra Ghana & Shunthi Ghana.**
- It is a good remedy for intestinal colic and flatulence as it contains **Murudsheng Ghana & Shankhavati.**
- It acts as digestive and stomachic as it contains **Shunthi Ghana & Sanjivani vati.**
- It has a very effective anti-dysenteric property as it contains **Kutaj Ghana & Belgiri Ghana.**
- It also acts as anti-microbial and thereby reduces the infection as it contains **Daruharidra Ghana & Sanjivani vati.**

**Indications** : Acute as well as chronic diarrhoea and dysentery, Ameobiosis, Irritable Bowel Syndrome, etc.

**Dosage** : **Adults** : 2 Tabs.  
Twice a day in severe cases OR 1 Tab. thrice a day.  
**Children** : 1 Tab. twice a day.  
No contra indications and no side effects.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tab

## IMPROLIV SYRUP

### Each 5 ml of IMPROLIV contains:

1. Rakta Punarnava	100 mg
2. Dhanyaka	100 mg
3. Guduchi	80 mg
4. Daruharidra	50 mg
5. Haridra	50 mg
6. Saptarangi	50 mg
7. Chitraka	50 mg
8. Bhuimamalai	50 mg
9. Musta	50 mg
10. Rohitak	50 mg
11. Sharpunkha	50 mg
12. Bhingaraj	50 mg
13. Yashtimadhu	50 mg
14. Haritaki	50 mg
15. Bibhitaka	50 mg
16. Amalaki	50 mg
17. Shunthi	12 mg
18. Pippali	12 mg
19. Marich	12 mg
20. Kakamachi	12 mg
21. Kalmegh	12 mg
22. Kutaki	10 mg
23. Kumari Swaras	0.5 ml

### Pharmacological Action :

- It acts very effectively as digestive, carminative, stomachic & appetiser as it contains **Shunthi, Marich, Pippali, Chitrak, Haridra, Bhingaraj, Kutaki, Dhanyaka, Musta, Amalaki, Bhuimamalai, Guduchi & Kalmegh.**
- It improves portal & hepatic blood circulation as it contains **Rohitak, Punarnava, Chitrak, Saptarangi, Haridra, Daruharidra, Sharpunkha, Bhuimamalai, Bhingaraj, Bibhitaka, Pippali, Kakamachi & Kumari.**
- It exerts anti-inflammatory action as it contains **Haridra, Shunthi, Kalmegh, Kutaki, Kakamachi, Punarnava, Daruharidra, Chitrak, Bhuimamalai, Sharpunkha, Bhingaraj, Yashtimadhu & Bibhitaka.**
- It reduces the level of Billirubin as it contains **Amalaki, Kutaki & Kumari.**
- It acts effectively as chologogue & purgative as it contains **Guduchi, Kutaki, Kalmegh, Kumari, Daruharidra & Sharpunkha.**
- It corrects anaemia as it contains **Punarnava, Guduchi, Haridra, Chitrak, Rohitak, Bhingaraj, Pippali, Kalmegh, Kutaki & Amalaki.**
- It exerts anti emetic action as it contains **Amalaki, Yashtimadhu & Kumari.**
- It exerts very effective diuretic action as it contains **Punarnava, Dhanyaka, Saptarangi, Musta, Yashtimadhu & Sharpunkha.**

**Indications** : Anorexia, Indigestion, Jaundice, Hepatitis, Anaemia, Hepatomegaly & Spleenomegaly.

**Dosage** : **Infants** : 5 ml twice a day.  
**Children** : 10 ml thrice a day.  
**Adults** : 15 ml thrice a day.

No contra indications and no side effects. Safe for all ages.

**Presentation** : 200 ml. Pet Bottles.

## **EASILAX TABLET (300 mg)**

**Each 300 mg film coated Tab. of EASILAX contains:**

- |                      |        |
|----------------------|--------|
| 1. Trivritta Ghana   | 100 mg |
| 2. Bahavamagaj Ghana | 100 mg |
| 3. Haritaki Ghana    | 100 mg |

Processed With Erandmool Quath & Ajwain Phant.

### **Pharmacological Action :**

- It is stomachic & digestive as it contains **Trivritta Ghana & Haritaki Ghana.**
- It acts as a carminative & thereby reduces flatulence as it contains **Bahavamagaj Ghana & Haritaki Ghana.**
- It is non-habit forming & non griping.
- It is free from any side effect & contra indications.
- It does not develop dryness & hence maintains smoothness of intestinal mucosa.

**Indications** : Constipation, Gastro intestinal upsets etc.

**Dosage** : 2 Tabs. Before retiring with lukewarm water.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tab

## IMPROLIV TABLET (300 mg)

**Each 300 mg film coated Tab. of IMPROLIV contains:**

1. Punarnava Ghana	20 mg
2. Kutaki Ghana	15 mg
3. Guduchi Ghana	20 mg
4. Daruharidra Ghana	15 mg
5. Triphala Ghana	20 mg
6. Bhuimalki Ghana	20 mg
7. Kalmegh Ghana	15 mg
8. Haridra Ghana	15 mg
9. Sharpunkha Ghana	20 mg
10. Bhringaraj Ghana	15 mg
11. Saptarangi Ghana	15 mg
12. Kakmachi Ghana	15 mg
13. Yavakshar Choorna	40 mg
14. Navayas Loha	40 mg
15. Tamra Bhasma	15 mg

Processed With Kumari Swaras, Apamarg Quath & Dhanyak Phant.

### Pharmacological Action :

- It stimulates hepato cellular regeneration as it contains **Bhuimalki Ghana**.
- It has a very effective digestive, stomachic & appetiser action and it improves liver metabolism as it contains **Kutaki Ghana, Bhringaraj Ghana, Bhuimalki Ghana & Guduchi Ghana**.
- It normalises enlarged liver & spleen as it contains **Yavakshar Choorna, Tamra Bhasma, Triphala Ghana & Sharpunkha Ghana**.
- It exerts potent anti-inflammatory action as it contains **Daruharidra Ghana, Punarnava Ghana, Triphala Ghana & Haridra Ghana**.
- It helps to reduce the level of Bilirubin as it contains **Kutaki Ghana**.
- It corrects anaemia & controls hepatic pyrexia as it contains **Navayas Loha Choorna, Tamra Bhasma, Kakmachi Ghana & Guduchi Ghana**.
- It is also effective in liver cirrhosis as it contains **Punarnava Ghana**.
- It is mild laxative, diuretic & exerts proven antimicrobial action due to **Triphala Ghana, Punarnava Ghana, Kalmegh Ghana & Haridra Ghana**.

**Indications** : Anorexia, Indigestion, Jaundice, Hepatitis, Anaemia, Hepatomegaly & Spleenomegaly.

**Dosage** : 2 Tabs. Twice a day.  
No contra indications and no side effects.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## SUVINA TABLET (300 mg.)

**Each 300 mg film coated Tab. of SUVINA contains:**

- |                  |        |
|------------------|--------|
| 1. Shunthi Ghana | 140 mg |
| 2. Musta Ghana   | 60 mg  |
| 3. Vidanga Ghana | 100 mg |

Processed With Kulattha Quoth

### **Pharmacological Action:**

- It stimulates gastric function, intensifies salivary flow & secretion of gastric juices which promote digestion.
- It acts as stomachic.
- It acts as Aampachak.
- It helps to eliminate toxins from the body.
- In obesity, it improves the liver function, promotes proper digestion & checks the deposition of Aam, controls pains & inflammation.

**Indications** : Indigestion, Loss of appetite, Amavat etc.

**Dosage** : 2 Tabs twice / thrice aday before meals.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

## ALCIGO TABLET (500 mg)

(Previously Ulcenil-300mg)

**Each 500 mg film coated Tab. of ALCIGO contains:**

1. Amalaki Ghana	175 mg
2. Sadha Sutshekhar	50 mg
3. Guduchi Ghana	40 mg
4. Yashtimadhu Ghana	40 mg
5. Shatawari Ghana	40 mg
6. Shankh Bhasma	40 mg
7. Kapardik Bhasma	40 mg
8. Shuddha Gairik	50 mg
9. Sunth Ghana	25 mg

Processed With Musta Phant, Durva Swaras & Jirak Phant.

### Pharmacological Action :

- It prevents acid regurgitation as it contains **Amalaki Ghana, Shankh Bhasma, Sunth Ghana, Shuddha Gairik.**
- It acts as anti-emetic as it contains **Sutshekhar Rasa (Sadha), Amalaki Ghana & Guduchi Ghana.**
- It exerts soothing effect on the gastric mucosa & thereby stops burning sensation as it contains **Shatawari Ghana, Yashtimadhu Ghana, Amalaki Ghana & Kapardik Bhasma.**
- It enables to heal up the ulcerations as it contains **Yashtimadhu Ghana, Shatawari Ghana, Sadha Sutshekhar, Shankh Bhasma, Kapardik Bhasma, Shuddha Gairik.**

**Indications** : Hyper Acidity, Heart burn, Gastritis & Peptic Ulcers.

**Dosage** : 1 Tab twice/thrice a day before meal.  
No contra indications and no side effects.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## VENOREST TABLET (500 mg) (Previously Venosil)

**Each 500 mg film coated Tab. of VENOREST contains:**

1. Kadunimba Fruit	50 mg
2. Yavakshara Choorna	50 mg
3. Daruharidra Ghana	25 mg
4. Suran Chooran	100 mg
5. Bahavamagaj Ghana	25 mg
6. Sonmukhi	50 mg
7. Ajmoda Choorna	50 mg
8. Nagkeshar Lal	50 mg
9. Triphala Guggul	100 mg

Processed With Nagarmotha & Triphala Quoth.

### Pharmacological Action :

- It improves the liver function, softens the waste material in the anal canal, acts as mild laxative & prevents accumulation of waste material.

**Comming Soon** : Anxenil DS Tablet.

## AMBIUS 1000 TABLET (300 mg) (previously Brenol)

**Each 300 mg film coated Tab. of AMBIUS 1000 contains:**

1. Amalaki Ghana	50 mg
2. Haritaki Ghana	50 mg
3. Brahmi Ghana	30 mg
4. Shankhapushpi Ghana	30 mg
5. Vidanga Ghana	30 mg
6. Musta Ghana	20 mg
7. Vacha Ghana	30 mg
8. Yashtimadhu Ghana	10 mg
9. Jatamansi Ghana	10 mg
10. Nirgundi Ghana	10 mg
11. Shatavari Ghana	30 mg

Processed With Shunthi Quath, Marich Phant, Pippali Phant And Bibhitak Quoth

### Pharmacological Action:

- It is the best tonic for brain as it contains **Brahmi Ghana, Jatamansi Ghana & Shankhapushpi Ghana.**
- It improves concentration capacity & works as a good nervine tonic as it contains **Brahmi Ghana, Shankhapushpi Ghana, Jatamansi Ghana & Nirgundi Ghana.**
- It improves memory & can be used in memory degradation due to ageing process as it contains **Shatavari Ghana, Vidanga Ghana, Amalaki Ghana.**
- It can also be used in slurred or irrelevant speech as it contains **Vacha Ghana & Yashtimadhu Ghana.**
- It corrects impaired functions of brain in mentally retarded patients.
- It can be used in epilepsy & parkinsonism as it contains **Nirgundi Ghana, Jatamansi Ghana, Shankhapushpi Ghana & Brahmi Ghana.**

**Indications** : Lack of Concentration, Mental Irritation,  
Loss of memory, nervous stress & strain etc.

**Dosage** : Adults : 2 Tabs. twice a day.

**Children** : 1 Tab. twice a day.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## AMBIUS 1000 SYRUP (200 ml)

### Each 5ml of AMBIUS 1000 syrup contains:

1. Brahmi	150 mg
2. Shankhapushpi	150 mg
3. Mandukparni	100 mg
4. Shatawari	50 mg
5. Vacha	50 mg
6. Musta	50 mg
7. Nirgundi	50 mg
8. Bibhitak	50 mg
9. Jatamansi	50 mg
10. Yashtimadhu	50 mg
11. Vidanga	50 mg
12. Haritaki	50 mg
13. Amalaki	50 mg
14. Ashwagandha	50 mg
15. Bhrungraj	50 mg

Syrup Base : Q.S.

Colour : Ponceau 4R IP

Flavour : Raspberry IP

**Preservatives :** Sodium Benzoate Ip Q.S.

Methyl Paraben Ip Q.S.

### Pharmacological Action :

- It improves grasping capacity & concentration as it contains **Brahmi & Shankhapushpi & Mandukparni.**
- It develops integrated interaction of the cognitive motor & language function of the brain, as it contains **Shankhapushpi & Mandukparni.**

## DIREM TABLET (300 mg)

**Each 300 mg film coated Tab. of DIREM contains:**

1. Karle Ghana	20 mg
2. Amalki Ghana	40 mg
3. Daruharidra Ghana	20 mg
4. Jambhulbeej Ghana	25 mg
5. Guduchi Ghana	20 mg
6. Saptarangi Ghana	20 mg
7. Shuddha Shilajit	25 mg
8. Haridra Ghana	40 mg
9. Gudmar Ghana	25 mg
10. Methi Ghana	25 mg
11. Kadunimpatra Ghana	20 mg
12. Vijaysar Ghana	20 mg

Processed With Triphala & Gokshur Quath.

### Pharmacological Action:

- It increases the peripheral utilization of glucose & also increases the hepatic & muscle glycogen as it contains **Haridra Ghana, Gudmar Ghana & Karle Ghana.**
- It promotes B-cell regeneration, correction & Increases the C-peptides level as it contains **jambhulbeej Ghana, Saptarangi Ghana & Vijaysar Ghana.**
- It exerts insulin like action by reducing gly haemoglobin level& modulating the lipid profile as it contains **Methi Ghana, Kadunimpatra Ghana, Shuddha Shilajit & Daruharidra Ghana.**
- It acts effectively in poly urea & diabetic neuropathy as it contains & **Daruharidra Ghana.**
- It acts as an antioxidant & thereby protects the b-cells & other vulnerable tissues from oxidative stress as it contains **Guduchi Ghana & Amalki Ghana.**
- It stimulates the functions of pancreas as it contains **Guduchi Ghana, Amalki Ghana, Methi Ghana, Haridra Ghana, Karle Ghana & Saptarangi Ghana.**

**Indications** : Diabetes mellitus, Non-Insulin Dependent Diabetic mellitus, NIDDM with hyperlipidemia, poly urea & diabetic neuropathy. Can be safely used as an adjuvant in insulin-dependent diabetes mellitus.

**Dosage** : Obese D.M. Type II –As an Adjuvant 2 Tab. Thrice a day  
Non-Obese D.M. Type II –As an Adjuvant 2 Tab. Twice a day  
D.M. Type I - As an Adjuvant to insulin 2 Tab. Twice a day  
Mild D.M. Type II (BSL<200 mg/DL)-2 Tab.  
Thrice a day as a stand alone  
As an Adjuvant in P.C.O.D. – 2 Tab. B.D.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

**Coming Soon** : *Direm Plus Tablet*

## B - LEAN TABLET (500 gm) (Previously Obetreat)

**Each 500 mg film coated Tab. of B - LEAN contains:**

1. Triphala Guggul	150 mg
2. Arogyavardhini Ras	80 mg
3. Shuddha Guggul	80 mg
4. Nagarmotha Ghana	50 mg.
5. Apamargakshar	20 mg
6. Shuddha Shilajit	20 mg
7. Yavakshar	20 mg
8. Shigarupatra Ghana	20 mg
9. Haridra Ghana	20 mg
10. Vidanga Ghana	20 mg
11. Suntha Ghana	20 mg

Processed With Kokum [garcinia] Quath & Lasun Swaras.

### Pharmacological Action :

- It acts as good 'Medolekhan' i.e. fat scrubber as it contains **Shuddha Guggul, Triphala Guggul, Shuddha Shilajit, Apamaragakshar, & Yavakshar.**
- It has a mild laxative action which causes elimination of accumulated waste products & toxins as it contains **Arogyavardhini Ras & Nagarmotha Ghana.**
- It contains bitter & aromatic tonics like **Shunthi Ghana, Shigarupatra Ghana & Shuddha Shilajit** which helps to compensate the weakness due to weight loss.
- It helps to control cholesterol level.
- It decreases the conversion of excessive carbohydrates into fats. So significantly reduces weight, body lipid & appetite as it contains **Shuddha Guggul, Vidanga Ghana, Arogyavardhini Ras, Apamargakshar & Yavakshara.**

**Indications** : Obesity, Hyperlipidaemia

**Dosage** : In severe obesity - 2 Tab. Thrice a day  
In overweight condition - 2 Tab B.D.  
No contra indications and no side effects.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.  
Can be used with Suvina.

## RHUMAPAR OIL

**Each 100 ml of RHUMAPAR OIL contains :**

- |                     |       |
|---------------------|-------|
| 1. Mahanarayan Tel  | 15 ml |
| 2. Nirgundi Tel     | 10 ml |
| 3. Terpene Oil      | 10 ml |
| 4. Eucalyptus Oil   | 5 ml  |
| 5. Gandhapura Tel   | 15 ml |
| 6. Castor Oil       | 5 ml  |
| 7. Lahsun           | 2 ml  |
| 8. Camphor          | 2 gm  |
| 9. Mustard Seed Oil | Q.S.  |

**Pharmacological Action:**

- It promotes circulation of blood by exerting Vasodilatory effect.
- It reduces swelling & stiffness of joints.
- It relaxes tendon muscles.
- It's regular use stops degeneration of tissues.
- It gives faster relief in joint pains.

**Indications** : For Joint Pain, Muscular Sprain, Lumbago,  
Low Back Pain, Sport Injuries etc.

Can be used with Rhumapar Tab.

## RHUMAPAR TABLET (300 mg)

**Each 300 mg film coated Tab. of RHUMAPAR contains:**

- |                             |       |
|-----------------------------|-------|
| 1. Maharasnadikashaya Ghana | 75 mg |
| 2. Mahayogaraj Guggul       | 75 mg |
| 3. Nirgundi Ghana           | 30 mg |
| 4. Trivritta Ghana          | 20 mg |
| 5. Chitrak Ghana            | 15 mg |
| 6. Tagar                    | 25 mg |
| 7. Shuddha Guggul           | 30 mg |
| 8. Punarnava Ghana          | 30 mg |

Processed With Shunthi Quath, Lasun Swaras & Castor Oil.

### Pharmacological Action :

- It has a good analgesic action as it contains **Tagar, Nirgundi Ghana & Chitrak Ghana.**
- It also acts as an anti inflammatory agent as it contains **Shuddha Guggul, Maharasnadikashaya Ghana & Nirgundi Ghana, Punarnava Ghana & Mahayograj Guggul.**
- It stops further degenerative changes in connective tissues & helps to restore the function of joints as it contains **Mahayogaraj Guggul.**
- It acts as good Aamapachak & hence effective in Aamvat as it contains **Chitrak Ghana, Shunthi quath & castor oil.**

**Indications** : Rheumatoid Arthritis, Gout, Rheumatic fever, Muscular pain, Sprain, spondylitis & chronic Rheumatism.

**Dosage** : 2 Tabs. Twice a day.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

**Coming Soon** : *Rhumapar plus* Tablet.

## IRACAL TABLET (500 mg) (Previously Calzone)

**Each 500 mg Tab. of IRACAL contains:**

1. Kukkutandatwak Bhasma	100 mg
2. Asthisamhruta	60 mg
3. Padmakashta	60 mg
4. Shuddha Gairika	60 mg
5. Shoutik Bhasma	50 mg
6. Shankh Bhasma	50 mg
7. Laksha Choorana	35 mg
8. Arjunsal Ghana	25 mg
9. Ashwagandha Ghana	25 mg
10. Babboola	25 mg
11. Godanti Bhasama	10 mg

Processed With Guduchi Quath, Shrigurpatra Swaras.

### Pharmacological Action :

- Everybody needs calcium for the growth & strength of bones, proper hair growth, fractures & osteoporosis. IRACAL provides natural calcium.
- IRACAL possesses anabolic properties & provides a rich natural source of calcium. Enhances asthidhatvagni. This allows the optimum amount of calcium to be absorbed into the bone.
- IRACAL prevents bone degeneration, stimulates bone formation & helps in remineralisation of bones.
- IRACAL prevents degeneration of cartilages & improves the function of joints by strengthening the bones & cartilages.
- IRACAL act as an anti-inflammatory & alleviates swelling & pain associated with fracture & Osteoporosis.

**Indications** : Fractures, Rickets & Osteoporosis,  
post menopause calcium Deficiency, Hair loss.

**Dosage** : 1 Tab. twice daily

**Presentation** : Bottle pack of 30 Tabs.

## CHAITANYADADIM PLUS SYRUP (200 ml)

### Each 5 ml of CHAITANYADADIM PLUS contains:

1. Dalimb Swaras	1 ml
2. Jaiphal	1.63 mg
3. Javitri	1.63 mg
4. Kalemire	1.63 mg
5. Tamalpatra	1.63 mg
6. Dalchini	1.63 mg
7. Lavang	1.63 mg
8. Suntha	1.63 mg
9. Pimpali	1.63 mg
10. Dhane	1.63 mg
11. Jire	1.63 mg
12. Dadim Sal	1.63 mg
Syrup Base	Q.S.

### Pharmacological Action :

- Due to its Madhur Vipak, it acts as best antacid & acts as good tonic during debility due to prolonged illness.
- It offers soothing effect on the mucous membrane of the stomach & reduces inflammation of the same.
- It reduces inflammation & redness of eyes due to Pittaprapok.
- It helps to promote digestion & appetite.
- It reduces burning micturition.
- It is useful as instant energetic for over exerted person or patient as it contains natural Sucrose & Vitamins.
- It acts as aphrodisiac.
- It can be used in anaemia as it provides various useful minerals.

**Indications** : General Debility, Burning Micturition, burning sensation, Loss of taste, Loss of appetite, redness of eyes, Heat stroke during summer.

**Dosage** : Children: 5ml twice a day.  
Adults: 10ml twice a day.

**Presentation** : 200 ml Pet bottle.

## HEMADA TABLET (300 mg)

**Each 300 mg film coated Tab. of HEMADA contains :**

- |                        |       |
|------------------------|-------|
| 1. Abhrak Bhasma       | 20 mg |
| 2. Mandur Bhasma       | 50 mg |
| 3. Guduchi Ghana       | 60 mg |
| 4. Shuddha Shilajit    | 30 mg |
| 5. Roupya Bhasma       | 20 mg |
| 6. Amalaki Ghana       | 70 mg |
| 7. Shweta Sariva Ghana | 50 mg |

Processed With Bhrungraj Quath & Karavallaka Quoth

### Pharmacological Action :

- **Roupya Bhasma** provides all the essential haemopoietic factors & thereby stimulates haemopoietic system.
- **Abhrak Bhasma** with its well-known metabolic action stimulates bone marrow & spleen function.
- **Amalaki Ghana** with its natural Vitamin-C or Ascorbic Acid enables to derive iron from **Mandur Bhasma** which is highly assimilable & Non irritating & non constipating.
- **Amalaki Ghana & Guduchi Ghana** act as antioxidants, antibacterial & hepatoprotective against cellular toxicity.
- It acts as a tonic which ensures faster recovery in debility due to anaemia as it contains **Amalaki Ghana, Guduchi Ghana, Shwetasariva Ghana & Shuddha Shilajit**.
- **Shuddha Shilajit** provides natural Iron, Zinc & Calcium & along with **Shwetasariva Ghana**, stimulates kidney function & thereby reduces blood toxins.
- **Guduchi Ghana & Amalaki Ghana** with its natural Vitamin-C along with **Roupya Bhasma** protect from infection.

**Indications** : General Debility, Iron Deficiency Anaemia, Anaemia in Pregnancy, Mal-nutritional anaemia.

**Dosage** : 1 Tab. twice a day.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

## NUTRAMENT SYRUP (200 ml) (Previously Nutrigen)

### Each 5 ml of NUTRAMENT contains :

1. Amalaki	150 mg
2. Guduchi	150 mg
3. Vidari Kanda	150 mg
4. Shatawari	150 mg
5. Ashwagandha	150 mg
6. Gokshur	100 mg
7. Bhrungraj	100 mg
8. Shwetasariva	100 mg
9. Methi	50 mg
10. Jatamansi	50 mg
11. Arjunsal	50 mg
12. Vidang	50 mg
Syrup Base	Q. S.
Flavour Raspberry	

### Pharmacological Action :

- It improves Appetite as it contains **Amalaki, Guduchi, Shatawari, Vidanga, Jatamansi, Bhringaraj, Shwetasariva.**
- It stimulates gastric, hepatic & pancreatic secretions & peristalsis which promotes digestion as it contains **Amalaki, Methi, Jatamansi, Guduchi, Vidarikanda & Bhringaraj.**
- It promotes normal evacuation of bowels as it contains **Guduchi & Vidanga.**
- It acts as carminative due to **Methi, Vidanga, Jatamansi, Bhringaraj.**
- It reduces mental stress & strain as it contains **Ashwagandha, Jatamansi, Shatawari.**
- It induces peaceful sleep as it contains **Jatamansi & Ashwagandha.**
- It increases Metabolism & acts as alterative tonic as it contains **Ashwagandha, Shatawari, Guduchi, Amalaki, Vidanga, Bhringaraj, Shwetasariva.**
- It nutritates & nourishes body as it contains **Vidarikanda, Gokshur, Methi, Shatawari, Ashwagandha, Arjun etc.**

**Indications** : General debility, debility due to prolonged illness, post natal debility, senile debility & malnutrition.

**Dosage** : Adults : 10 ml thrice a day.  
Children : 5 ml twice a day.

**Side Effects** : It is totally free from any side effect.

**Presentation** : 200 ml Pet bottle.

## INFASAR SYRUP (30 ml / 60 ml) (Previously Infadal)

**Each 5 ml of INFASAR contains:**

1. Kutaja	200 mg
2. Daruharidra	200 mg
3. Mocharas	200 mg
4. Marodphalli	200 mg
5. Parpata	200 mg
6. Shunthi	100 mg
7. Karkatshringi	50 mg
8. Jatiphala	50 mg
9. Dikemali	25 mg
10. Ativisha	25 mg
11. Syrup Base	Q.S.

### Pharmacological Action :

- It acts as anti microbial as it contains **Kutaja, Shunthi & Daruharidra.**
- It acts as anti dysenteric as it contains **Kutaja & Daruharidra.**
- It binds stool as it contains **Mocharas, Shunthi, Jatiphala, Kutaja & Karkatashringi.**
- It reduces fever & malaise as it contains **Ativisha, Parpata & Daruharidra.**
- It acts as antispasmodic as it contains **Marodphalli, Dikemali & Shunthi.**
- It provides stomachic & digestive action as it contains **Ativisha, Kutaja, Shunthi & Dikemali.**
- It checks Electrolyte losses & reduces muscle cramps as it contains **Jatiphala, Daruharidra, Shunthi & Ativisha.**

**Indications** : Gastro enteritis, Amoebic & Bacillary Dysentery, loose motions of specific & non specific origin etc.

**Dosage** : Infants 5 ml thrice a day.

**Children** : 10 ml twice / thrice a day.

**Presentation** : 30 ml & 60 ml Pet bottle.

## INFAPYRIN SYRUP (60 ml)

### Each 5 ml of INFAPYRIN contains :

1. Tulasi	200 mg
2. Musta	200 mg
3. Patol Patra	100 mg
4. Parpata	100 mg
5. Ushir	100 mg
6. Yashtimadhu	100 mg
7. Balharitaki	100 mg
8. Guduchi	100 mg
9. Nimbasal	100 mg
10. Manuka	50 mg
11. Parijata Patra	50 mg
12. Kalmegh	50 mg
13. Syrup Base	Q.S.

### Pharmacological Action :

- It acts as effective antipyretic as it contains **Guduchi, Patolpatra, Kalmegh, Nimbasal, Parijata, Parpata & Tulasi.**
- It provides antibacterial & antimicrobial action which controls infection as it contains **Guduchi, Kalmegh, Nimbasal, Tulasi & Parijata Patra.**
- It reduces symptoms such as thirst & burning sensation due to high fever as it contains **Ushir, Manuka, Musta, Yashtimadhu & Parpata which are best refrigerant agents.**
- It improves digestion as it contains **Kalmegh, Musta, Manuka & Balharitaki** which are very effective digestives & stomachic.
- It has a very mild laxative action which enables to eliminate accumulated wastes & toxins from body as it contains **Manuka, Balharitaki, Guduchi & Kalmegh.**
- It exerts diaphoretic action as it contains **Ushir, Musta & Yashtimadhu.**
- It provides necessary tonic & alterative action as it contains **Guduchi, Yashtimadhu, Balharitaki & Manuka** which prevents infant from debility after prolonged fever.

**Indications** : Infantile Pyrexia, Malaria, Viral infection, etc.

**Dosage** : Infants 5 ml twice / thrice a day.

**Children** : 10 ml twice / thrice a day.

**Presentation** : 60 ml Pet bottle.

## INFACARMIN SYRUP (60 ml)

### Each 5 ml of INFACARMIN contains:

1. Yavani	150 mg
2. Latakaranj	100 mg
3. Vacha	100 mg
4. Haritaki	100 mg
5. Saindhava Lavana	60 mg
6. Vida Lavana	60 mg
7. Vidanga	50 mg
8. Upakunchika	50 mg
9. Shigaru	30 mg
10. Sunthi	25 mg
11. Ela	25 mg
12. Tvak	25 mg
13. Mishreya Tail	0.01 ml
14. Shatahva Tail	0.01 ml

### Pharmacological Action:

- Infacarmin syr. Stimulates peristalsis & increases flow of gastric juices.
- Infacarmin syr. Improves digestion thus treat stomach upset (dyspepsia) & bowel disorders.
- Infacarmin syr. Exhibits carminative & anti-spasmodic properties, thereby expels gases & reduces abdominal distension.
- Relives spasmodic pain effectively.
- Normalises gastro-intestinal flora & tones the digestive systems.

**Indications** : Colic, Flatulence & Indigestion, Grips.

**Dosage** : Infants: 0 to 3 months – 2.5 ml thrice a day.

**Children** : 03 to 12 months- 5 ml twice / thrice a day.

**Presentation** : 60 ml Pet bottle.

## DISMENOL TABLET (300 mg)

**Each 300 mg film coated Tab. of DISMENOL contains:**

1. Chitrakmool Ghana	15 mg
2. Nirgundi Ghana	15 mg
3. Chandrashur Ghana	30 mg
4. Shuddha Tankan	50 mg
5. Gajarbeej	30 mg
6. Hirabol	20 mg
7. Harmal Ghana	20 mg
8. Rasna Ghana	15 mg
9. Methika Ghana	15 mg
10. Parasika Yavani	70 mg
11. Hingu	20 mg

Processed With Kumari Swaras

### Pharmacological Action :

- It induces menstrual cycle by stimulating endometrial walls as it contains **Chitrak Ghana, Hirabol & Harmal Ghana.**
- It effectively relieves lower abdominal pains, cramp, lower backache & fatigue as it contains **Parasika Yavani, Hingu, Rasna Ghana, Gajarbeej & Nirgundi Ghana.**
- It acts as anti inflammatory as it contains **Hingu, Shuddha Tankan & Nirgundi Ghana.**
- It also acts as post natal agent for uterus in post partum period due to **Chandrashur Ghana, Methika Ghana & Hirabol.**
- It is the best medication for premenstrual syndrome.

**Indications** : Amenorrhoea, Dysmenorrhoea & in post partum period.  
It has no side effect.

**Contra indication** : It is strictly contra-indicated during pregnancy.

**Dosage** : 1 to 2 Tabs. thrice a day.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

## EUREGASYPUR (200 ml) (Previously Femate)

Each 5 ml of EUREGA contains:

1. Ashok Sal	250 mg
2. Lodhra Sal	250 mg
3. Daruharidra	100 mg
4. Shatawari	100 mg
5. Arjun Sal	75 mg
6. Dhataki Pushpa	75 mg
7. Kanchanar Sal	75 mg
8. Palash Pushpa	75 mg
9. Manjishtha	50 mg
10. Tagar	50 mg
11. Ushir	50 mg
12. Adulsa	50 mg
13. Syrup Base	Q.S.

### Pharmacological Action :

- It regulates menstrual cycle as it contains **Ashok, Arjun, Lodhra, etc.**
- It controls excessive bleeding as it contains haemostatic agents like **Mocharas, Palashpushpa, Arjun, Ashok, Manjishtha, Daruharidra, Kanchanarsal, Dhataki Pushpa.**
- It acts as anti inflammatory as it contains **Daruharidra, Kanchanar, Arjun & Manjishtha.**
- It acts as an analgesic in pre & post menstruation period as it contains **Tagar, Manjishtha & Daruharidra.**
- It acts as anti pruritic agent & reduces burning sensation as it contains refrigerants such as **Mocharas, Dhataki, Kanchanar, Ashok, Lodhra & Ushir.**
- It strengthens uterine muscles & thereby reduces chances of habitual abortion.

**Indications** : Menorrhagia, Metrorrhagia, Leucorrhoea, uterine debility, habitual abortion etc.

**Dosage** : **Adults** : 10 ml thrice a day.  
**Children** : 10 ml twice a day.

**Contra Indication** : No contra indications. Can be safely administered before conception to avoid habitual abortion.

**Presentation** : 200 ml Pet bottle.

## LACTOKALP TABLET (500 mg) (Previously Lacta-M)

**Each 500 mg film coated Tab. of LACTOKALP contains:**

1. Shatavari Ghana	150 mg
2. Ahaliv Churna	100 mg
3. Methi Ghana	50 mg
4. Musta Ghana	50 mg
5. Atmagupta Ghana	25 mg
6. Vidarikanda Ghana	25 mg
7. Anantmool Ghana	25 mg
8. Balabeej Ghana	50 mg
9. Prawal Pishti	25 mg

Processed With Jeerak Phant, Karpas Beej & Vidari Kand Quath.

### Pharmacological Action :

- It promotes milk secretion as it contains **Shatawari Ghana, Ahaliv Churna, Methi Ghana, Vidarikanda Ghana & Musta Ghana** which have very effective galactagogue action.
- It provides vital post partum tonics, nutritives & alteratives for mothers, which enables to restore the health of mother & nourishes the infants as it contains **Shatawari, Vidarikanda, Balabeej, Atmagupta, Anantmool & Methi Ghana.**
- It provides natural calcium through Prawal Pishti which enables healthy growth of the baby.
- It acts as stomachic & digestive for mothers as it contains **Methi Ghana, Anantmool Ghana & Ahaliv Churna.**

**Indications** : Mal-Lactation or Agalactorrhoea & Post-Partum Debility.

**Dosage** : 2 Tabs. twice a day.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## LURID TABLET (300 mg)

**Each 300 mg film coated Tab. of LURID contains:**

- |                      |        |
|----------------------|--------|
| 1. Lodhrasal Ghana   | 100 mg |
| 2. Karanjsal Ghana   | 75 mg  |
| 3. Daruharidra Ghana | 75 mg  |
| 4. Ashoksal Ghana    | 50 mg  |

### PROCESSED WITH USHIRAPHANT

#### Pharmacological Action :

- It acts on the muscular fibres of the uterus & stimulates the endometrium & ovarian tissues.
- It acts as best astringent which arrests the uterine & vaginal abnormal secretions.
- It acts as antimicrobial, antibacterial & antifungal.
- It controls pelvic congestion & accelerates the renewal of vaginal epithelium & stops the mucopurulent discharge.
- It normalizes the 'pH' of the vaginal mucosa & reduces compulsive & unseemly itch.

**Indications** : Leucorrhoea, Disorders associated with Leucorrhoea.

**Dosage** : 2 Tabs. twice a day after meals.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

## MENORINA TABLET (300 mg)

**Each 300 mg film coated Tab. of MENORINA contains :**

1. Ashoksal Ghana	50 mg
2. Nagkeshar	50 mg
3. Dhatakipushpa Ghana	20 mg
4. Shuddha Shilajit	20 mg
5. Loha Bhasma	15 mg
6. Abhrak Bhasma	15 mg
7. Lodhrasal Ghana	50 mg
8. Daruharidra Ghana	25 mg
9. Mocharas Ghana	20 mg
10. Amraphala Majja Ghana	20 mg
11. Suvarnamakshik Bhasma	15 mg

Processed With Raktachandan Quath, Ushira Phant & Durva Swaras.

### Pharmacological Action :

- It arrests uterine haemorrhages & abnormal secretions as it contains **Haemostatics such as Ashoksal Ghana, Lodhrasal Ghana, Amraphala Majja Ghana, Nagkeshar & Loha Bhasma.**
- It stops burning sensation in vaginal region as it contains cooling agents like **Ashoksal Ghana, Mocharas Ghana & Dhatakipushpa Ghana, Raktachandan, Ushira & Durva.**
- It acts as an anti-inflammatory due to **Daruharidra Ghana & Mocharas Ghana.**
- It acts as Haematinic as it contains **Loha Bhasma, Suvarnamakshik Bhasma & Abhrak Bhasma.**
- It removes debility & increases metabolism as it contains **Shuddha Shilajit & Abhrak Bhasma.**

**Indications** : Menorrhagia, Metrorrhagia,  
anaemia associated with menorrhagia.  
No contra indications & no side effects.

**Dosage** : In severe menorrhagia/metrorrhagia - 2 Tab. Thrice a day  
In mild to moderate condition - 1 Tab. T.I.D.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

## STALLON - 100 TABLETS (600 mg)

**Each 600 mg Tab. of STALLON - 100 contains:**

1. Kumkum/Keshar	5 mg
2. Shuddha Shilajit	50 mg
3. Rasasindur	15 mg
4. Makardhwaja	40 mg
5. Loha Bhasma	30 mg
6. Shwetmusali Ghana	50 mg
7. Akarkarabha	50 mg
8. Jatiphala	30 mg
9. Parasika Yavani	30 mg
10. Vishamushti Choorna	15 mg
11. Atmagupta Ghana	50 mg
12. Ashwagandha Ghana	50 mg
13. Shatawari Ghana	50 mg
14. Mocharasa Ghana	20 mg
15. Abhrak Bhasma	15 mg
16. Vanga Bhasma	30 mg
17. Talimkhana Churna	40 mg
18. Gokhru Ghana	30 mg

Processed With Amalaki Quath.

### Pharmacological Action :

- It acts as an effective tonic for sexual debility & removes sexual exhaustion due to night emissions as it contains **Keshar, Shilajit, Rasasindur & Shweta Musali Ghana.**
- It helps to increase sperm count & motility as it contains **Ashwagandha Ghana, Talimkhana & Atmagupta Ghana.**
- It increases sexual urge & corrects functional impotency as it contains **Atmagupta Ghana, Talimkhana & Makardhwaja.**
- It increases retentive power, controls premature ejaculation & promotes satisfactory conjugal relations by reducing mental anxiety as it contains **Jatiphala, Vishamushti Choorna, Parasika Yavani & Vanga Bhasma.**
- It improves blood flow to erectile tissue as it contains **Abhrak Bhasma, Vanga Bhasma & Shilajit.**
- It helps to restore a fertile semen profile by improving semen viscosity, sperm motility & spermatogenesis.

**Indications** : Male infertility & sterility, Premature ejaculation, Functional impotency in males, Sexual Debility & Spermatorrhoea.

**Dosage** : 1 Tab. twice / thrice a day.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## ASMANIA TABLET (300 mg)

**Each 300 mg Tab. of ASMANIA contains:**

1. Kantakari Ghana	30 mg
2. Somalata Ghana	30 mg
3. Karkatshringi Ghana	30 mg
4. Shuddha Parad	10 mg
5. Shuddha Gandhak	10 mg
6. Shuddha Manashil	20 mg
7. Shuddha Tankan	20 mg
8. Shuddha Dhattura	20 mg
10. Yashtimadhu Ghana	20 mg
11. Shunthi	30 mg
12. Marich	20 mg
13. Pippali	30 mg
14. Yavakshar	20 mg
15. Parasika Yavani	10 mg

Processed With Nagwel Swaras & Bharangmool Quath.

### Pharmacological Action :

- It exerts effective bronchodilator & expectorant action & enables relief in dry cough as it contains **Shuddha Tankan, Karkatshringi Ghana, Yavakshar & Yashtimadhu Ghana.**
- It promotes free breathing as it contains **Somalata Ghana, Manashil & Kantakari Ghana.**
- It reduces inflammation of the mucosa of the respiratory tract as it contains **Shuddha Manashil & Parasika Yavani.**
- It also acts as mild sedative & enables undisturbed rest due to **Parasika Yavani & Shuddha Dhattura.**

**Indications** : Bronchial Asthma, Bronchitis & Whooping Cough.

**Dosage** : 1 Tab. a day with lukewarm water after meal.

**Caution** : If given empty stomach, vomiting sensation & uneasiness is observed in some cases.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

## PYRACARE TABLET (600 mg) (Previously Enflunil)

**Each 600 mg Tab. of PYRACARE contains:**

- |                           |        |
|---------------------------|--------|
| 1. Tribhuvan Kirti Ras    | 200 mg |
| 2. Chandrakala Ras        | 50 mg  |
| 3. Talisadi Choorna       | 150 mg |
| 4. Sutshekhar Ras (Sadha) | 50 mg  |
| 6. Parasika Yavani        | 50 mg  |
| 5. Godanti Bhasma         | 100 mg |

Processed With Shunthi Quath.

### Pharmacological Action :

- It acts as an antipyretic as it contains **Tribhuvan Kirti Ras, Godanti Bhasma & Chandrakala Ras.**
- It is very effective analgesic & gives relief from body ache & headache as it contains **Parasika Yavani & Godanti Bhasma.**
- It is the best anticold remedy as it contains **Tribhuvan Kirti Ras & Talisadi Choorna.**
- It exerts soothing effect on respiratory mucous membrane as it contains **Talisadi Choorna & Chandrakala Ras.**
- It controls the nasal & bronchial secretions as it contains **Tribhuvan Kirti Ras & Parasika Yavani.**

**Indications** : Common cold, Influenza, Pyrexia due to viral infections, Fever, Body ache, Sinusitis, Headache, etc.

**Dosage** : 1 Tab. twice/ thrice a day with lukewarm water.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## VASA- PLUS SYRUP

### Each 5 ml of VASA-PLUS contains:

1. Vasa	250 mg
2. Kantakari	150 mg
3. Yashtimadhu	125 mg
4. Bibhitaka	125 mg
5. Tulasi	125 mg
6. Somlata	100 mg
7. Bharangmool	100 mg
8. Pushkarmool	50 mg
9. Haridra	50 mg
10. Shuddha Tankan	50 mg
11. Shunthi	50 mg
12. Pippali	50 mg
13. Lavanga	25 mg

### Pharmacological Action :

- It exerts effective Bronchodilator & Expectorant action as it contains **Vasa, Yashtimadhu, Somlata, Kantakari & Tulasi.**
- It acts as an anti inflammatory & disinfectant & thereby controls irritable conditions of mucous membrane of respiratory tract as it contains **Haridra, Kantakari, Yashtimadhu & Bibhitaka.**
- It Cures respiratory tract infection & inflammation.
- It promotes free breathing.
- It provides effective remedy in Productive as well as non productive dry cough.
- It reduces inflammatory & allergic response by decreasing eosinophils as it contains **Haridra Ghana.**

**Indications** : Cough, Dry cough, Sore throat, Bronchitis, Laryngitis, Pharyngitis, etc.

**Dosage** : Infants: 5 ml twice a day.

**Children** : 10 ml twice a day.

**Adults** : 10 ml thrice a day.  
No contra indications & no side effects.

**Presentation** : 60 ml & 100 ml Pet bottle.

## DERMIDEX TABLET (300 mg) (Previously Dermatol)

**Each 300 mg film coated Tab. of DERMIDEX contains :**

1. Bahavamagaj Ghana	25 mg
2. Manjishtha Ghana	20 mg
3. Shwetasariva Ghana	20 mg
4. Bakuchi Ghana	30 mg
5. Tulasi Ghana	30 mg
6. Nimbapatra Ghana	30 mg
7. Haridra Ghana	20 mg
8. Karanjsal Ghana	20 mg
9. Saptaparna Ghana	20 mg
10. Khadirsal Ghana	20 mg
11. Vidanga Ghana	20 mg
12. Bhringraj Ghana	15 mg
13. Prapunnada Ghana	30 mg

Processed With Shigarupatra Swaras & Nishottar Quath.

### Pharmacological Action :

- It effectively removes blood impurities & acts as anti-helminthic as it contains **Haridra Ghana, Nimbapatra Ghana, Prapunnada Ghana, Vidanga Ghana, Khadirsal Ghana, Manjishtha Ghana & Shwetasariva Ghana.**
- It acts as an antiseptic & mild laxative due to **Bahavamagaj Ghana, Tulasi Ghana, Haridra Ghana & Nimbapatra Ghana.**
- It stimulates liver metabolism as it contains **Bhringraj Ghana, Saptaparna Ghana, Nimbapatra Ghana.**
- It stops itching as it contains **Khadirsal Ghana & Karanjsal Ghana.**

**Indications** : Allergic & Chronic Dermatitis, psoriasis, dry or weeping eczema, allergic conditions of skin, scaling & fungal infections, pruritis, scabies, acne, urticaria, depigmentation etc.

**Dosage** : In severe condition - 2 Tab. Thrice a day  
In mild to moderate condition - 2 Tab. Twice a day  
OR 1 Tab. T.I.D.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## DERMIDEX SYRUP (Previously Hemocare Syrup-200ml)

**Each 5 ml of DERMIDEX contains:**

1. Khadirsal	150 mg
2. Bakuchi	150 mg
3. Aragwadha	125 mg
4. Manjishtha	125 mg
5. Guduchi	100 mg
6. Prapunnada	100 mg
7. Karanjsal	100 mg
8. Nimbapatra	100 mg
9. Tulasi	100 mg
10. Vidanga	50 mg
11. Bhringraj	50 mg
12. Vijaysar	50 mg
13. Haridra	50 mg
14. Syrup Base	Q.S

### **Pharmacological Action:**

- It eradicates toxins from the body.
- It purifies blood as it contains **Khadir, Vidanga, Manjishtha, Tulasi, Prapunnada & Haridra.**
- It acts as anti-helminthic as it contains **Vidanga, Karanjsal, Bakuchi & Nimbapatra.**
- It acts as antiseptic as it contains **Haridra, Nimbapatra, Guduchi & Tulasi.**
- It stops itching as it contains **Khadirsal & Karanjsal.**
- It acts as mild laxative as it contains **Aragwadha.**
- It acts as stimulant for liver metabolism as it contains **Guduchi, Nimbapatra, Bhringraj & Vidanga.**

**Indications** : Various skin diseases, chronic dermatitis, pruritis, dry or weeping eczema, urticaria, psoriasis, acne, pigmentation, allergic skin infection, etc.

**Dosage** : 10 ml thrice a day.

**Side Effects** : No side effects or contra indications. Safe for all ages.

**Presentation** : 200 ml Pet bottle.

**Coming Soon** : *Dermidex - F Cream*

## ELDIN TABLET (300 mg)

Each 300 mg film coated Tab. of ELDIN contains:

- |                        |        |
|------------------------|--------|
| 1. Bakuchi Ghana       | 100 mg |
| 2. Shweta Sariva Ghana | 60 mg  |
| 3. Manjishtha Ghana    | 40 mg  |
| 4. Vidanga Ghana       | 40 mg  |
| 5. Bhringraj Ghana     | 30 mg  |
| 6. Khadirsal Ghana     | 30 mg  |

Processed With Guduchi Quath.

### Pharmacological Action :

- It induces elimination of toxins produced within the body because of deranged digestion & metabolism, which is an essential step in majority of skin disorders.
- It has photosensitizing & melanocyte stimulating properties. It induces melanocytes to produce more melanin & helps in the transfer of melanin from melanocytes to keratinocytes without causing adrenocortical or pituitary insufficiency & osteoporosis.
- It facilitates the free circulation of blood by removing congestion & improves quality of blood.
- It improves skin complexion, skin texture & removes skin blemishes.
- It purifies the blood.
- It possesses anti-bacterial, anti-inflammatory & anti-oxidant properties.

**Dosage** : 2 Tabs. Twice a day after meal.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 15 Tabs.

## URESTIN TABLET (650 mg)

**Each 650 mg Tab. of URESTIN contains :**

1. Punarnava Ghana	40 mg
2. Pashanbhed Ghana	30 mg
3. Gokshur Ghana	30 mg
4. Shwetasariva Ghana	40 mg
5. Manjishtha Ghana	50 mg
6. Yashtimadhu Ghana	40 mg
7. Talamuli Ghana	60 mg
8. Sag Beej	30 mg
9. Parasika Yavani	100 mg
10. Gokshuradi Guggul	60 mg
11. Chandraprabha Vati	100 mg
12. Shuddha Shilajit	40 mg
13. Dagadiber Bhasma	30 <b>mg</b>

Processed With Palashpushpa Quath.

### **Pharmacological Action :**

- It exerts very good diuretic action as it contains **Punarnava Ghana, Gokshur Ghana, Shwetasariva Ghana & Talmuli Ghana.**
- It is very effective in dysurea as it contains **Chandraprabha Vati, Shuddha Shilajit & Gokshuradi Guggul.**
- It acts as an effective analgesic in pains due to urine stone & Urinary Tract Infection as it contains **Parasika Yavani & Sag Beej.**
- It overcomes Urinary Tract Infection & Inflammation as it contains **Manjishtha Ghana, Yashtimadhu Ghana, Gokshuradi Guggul & Chandraprabha Vati.**
- It enables to dissolve urine stone as it contains **Pashanbhed Ghana, Shuddha Shilajit, Gokshur Ghana, Dagadiber Bhasma, Gokshuradi Guggul & Chandraprabha Vati.**
- It stops burning micturation as it contains refrigerants like **Shwetasariva Ghana, Manjishtha Ghana & Chandraprabha Vati.**

**Indications** : Urinary disorders, dysurea, burning micturation, Urinary Tract Infection & Inflammation, renal calculi.

**Dosage** : For severe U.T.I. - 2 Tab. Thrice a day  
Mild U.T.I. - 2 Tab B.D OR 1 Tab. T.I.D.  
For Renal Calculi - 2 Tab. Thrice a day  
As a Preventive - 1 Tab B.D.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## URESTIN SYRUP (200 ml)

### Each 5 ml of URESTIN contains :

1. Punarnava	150 mg
2. Gokharu	150 mg
3. Varun	150 mg
4. Palashpushpa	150 mg
5. Anantmool	100 mg
6. Manjishta	100 mg
7. Guduchi	100 mg
8. Vala	100 mg
9. Jeshtamadh	100 mg
10. Yavakshar	50 mg
11. Nagarmotha	50 mg
12. Kankol	50 mg
Khas (Vala) Flavour	

### Pharmacological Action :

- Urestin Syrup has Anti-inflammatory and Analgesic Properties which soothes inflamed mucosa and alleviates the burning sensation & pain.
- Urestin Syrup reduces urgency & frequency of micturition.
- Urestin Syrup act as refrigerants & help to maintain a normal urinary pH balance.

## SUKSHMA VARA TABLET (300 mg)

### Each 300mg. Tab. of SUKSHMA VARA contains :

1. Triphala Choorna	180mg
2. Shuddha Parad	5mg
3. Shuddha Gandhak	5mg
4. Bhumyamalaki Choorna	40mg
5. Anantmoool Choorna	40mg
6. Guduchi Ghana	20mg
7. Kaduneempatra Ghana	10mg

Processed With Triphala Quath - 3 times.

### Pharmacological Action :

- It has an *antioxidant* & powerful *immunomodulatory* properties. It increases the level of antibody-forming cells, thereby elevating the body's resistance to infection. Stimulates phagocytosis by macrophages activation, which combats infection.
- It has broad spectrum *antimicrobial* {*antibacterial* / *antiviral* / *antifungal*} activity. It has potent antibacterial effects on both gram-positive & gram-negative species.
- It acts as an *anti inflammatory* agent by suppressing production of inflammatory mediators (such as TNF $\alpha$ , IL-1b, IL-6, MCP-1, VEGF, NO, and PGE2), intracellular free radicals, inflammatory enzymes (such as iNOS and COX-2).
- It possesses *antipyretic* properties.
- Triphala has *anti stress* / *adaptogenic* & *gastric hyperacidity reduction* activity. Polyphenols in Triphala modulate the human gut microbiome and thereby promote the growth of beneficial Bifidobacteria and Lactobacillus while inhibiting the growth of undesirable gut microbes such as E.coli. It also prevents oxidative damage & inflammation. Thus SUKSHMA VARA is Free from any adverse effects like NSAID'S & ANTIBIOTICS.
- Kajjali is found to be effective in diseases of almost all stripteases [systems]. The effect may be multidimensional, free radicals scavenging, antioxidant, antimicrobial, catalytic, pro enzymatic, immunomodulator activities. Kajjali own properties like Rasayan [anti ageing], ogavahi [as catalyst], Jantughna [antimicrobial], Sarva amayahara [broad spectrum]. These properties of kajjali enhance efficacy & potency of SUKSHMA VARA Tablet.

**Indications** : Upper respiratory tract infections, chronic tonsillitis, pharyngitis, chronic bronchitis, nasal catarrh, otitis media, stomatitis, Allergic disorders of the upper respiratory tract, skin and soft tissue infections, Boils & acne, Common cold, cough, Dental and periodontal infections, Stye etc.

**Dosage** : **Adults** : Two tabs. Twice a day.  
**Children** : One tab. Twice a day.

**Presentation** : Bottle pack of 60 Tabs. & Blister strip of 10 Tabs.

## BAKTOWIN TABLET (500 mg)

**Each 500 mg. Film coated Tab. of BAKTOWIN contains:**

- |                        |        |
|------------------------|--------|
| 1. Bhuiamalaki Ghana   | 125 mg |
| 2. Kaduneempatra Ghana | 125 mg |
| 3. Tulsi Ghana         | 125 mg |
| 4. Yashtimadhu Ghana   | 125 mg |

Processed With Kaduneemsa Quath

### Pharmacological Action:

- Immunity is of paramount importance in fighting against microbial infections. Baktown has adoptogenic, antioxidant, and Immuno- modulatory properties.
- It helps to stimulate the production and activity of infection-fighting cells & improve host resistance.
- Baktowin has remarkable multifold activity against large number of organisms such as bacteria [Gram positive, Gram negative & mycobacterium], fungi [Candida etc.], viruses [vaccinia, chickenguena, measles, herpes, Hepatitis B/C etc] & parasites.
- Baktowin promotes faster recovery from infections & also prevents recurrence of infections.
- Baktowin has immunomodulatory, antibacterial, antiviral, antifungal, antiinflammatory, antipyretic, antigastric ulcer, antimalarial, antitumor, Hepatoprotective, wound healing effect.

**Indications** : Recurrent infections like URTI, UTI, viral infections, Resistance to antibiotic therapy, Co-Therapy with Antibiotics & Chemotherapy Adjuvant in Auto immune disorders, skin & soft tissue infections, peptic ulcer, gastritis, Ulcerative colitis. All immuno compromised diseases.

**Dosage** : 1 Tab. twice a day.

**Presentation** : Bottle pack of 30 Tabs.

## OJOWIN TABLET (500 mg)

**Each 500 mg film coated Tablet of OJOWIN contains :**

- |                      |       |
|----------------------|-------|
| 1. Guduchi Ghana     | 125mg |
| 2. Ashwagandha Ghana | 125mg |
| 3. Shatavari Ghana   | 125mg |
| 4. Kalimusali Ghana  | 125mg |

Processed With Guduchi & Amalki Quath.

### **Pharmacological Action:**

- Ojowin ensures overall well-being and replenishes the body's energy levels by revitalising & rejuvenating body tissues.
- Ojowin strengthens immune system. Ojowin has potent immuno-stimulant action. It helps increase the number & function of the protective white blood cells & builds up body's own defence mechanism. It improves body's resistance against recurrent infections.
- Ojowin exhibits free radical scavenging activity, reduces oxidative stress & thereby lowers the risk of chronic lifestyle disorders.
- Ojowin possesses potent anti-ageing, anti-tumor, anti-stress, adoptogenic, aphrodisiac properties.
- Ojowin possesses anabolic properties, promotes growth & provides nutritional support. Speeds up convalescence after illness or surgery.

**Indications :** Immuno-modulator.

All Immune compromised diseases like HIV, Auto-immune diseases, viral diseases, cancer.

In persons who are on Anti-biotic & Chemo therapy.

As an anti-oxidant in chronic lifestyle disorders.

General debility followed by infectious disease.

Patient with low immunity.

PUO [pyrexia of unknown origin].

**Dosage :** One Tablet twice a day.
